

March 23 – 24, 2010 • Washington Convention Center • Washington, D.C.

Where the Mission is Securing Our Nation

Who Should Exhibit at GovSec & U.S. Law

GovSec/U.S. Law is the only comprehensive event for government that provides the insights, tools and tactics to anticipate, prepare, prevent and respond to terrorism, accidental and natural disasters, and attacks on critical infrastructure.

Attendance increased 28% resulting in 3,702 verified attendees including military and civilian security professionals and law enforcement and other first responders from the federal, state and local level.

This highly focused and highly qualified community will be looking for cutting edge IT and physical security products. They can buy these from you but only if you exhibit at GovSec and U.S. Law.

Access Control

Access Control Software
Badges, Insignia & Identification
Biometrics
Card Access Control Systems
Integrated Security Management Systems
Key & Keypad Control Systems
Readers & Encoders
RFID Access Control
SCIF Access Control
Security Management Systems

Communications, Wireless & Internet

Bluetooth, WiFi & WiMax
Emergency Alert Text-Messaging Systems
Internet Telephony
Interoperable Communication Systems
Mobile VoIP
Mobile/Handheld Devices, Smart Phones & PDAs
Radio Communications Services & Equipment
Repeaters, Amplifiers & Antennas
Satellite Telephony
Secure Communications Equipment
Telephones & Headsets
UMA (Unlicensed Mobile Access)
Unified Communications (UC) Solutions
Wireless Broadband Services
Wireless Location Technology
Wireless Telecommunications Network

Cybersecurity and Information Assurance

Access Control
Antivirus/Anti-Malware
Biometrics
Data Erasure/Data Destruction
Data Security Services
Digital Forensics
Disaster Recovery/Business Continuity
Electronic & Computer Destruction
Encryption
Intellectual Property Management
Internet Protocol Security (IPsec)
Intrusion Detection Systems (IDS)
Network Access Control & Security
Regulatory Compliance Software
Security as a Service
Theft Prevention & Asset Recovery
Threat and Vulnerability Management
VoIP/UC Security
Web Application Security
Wireless Security

HAZMAT & CBRNE

Detection & Monitoring
Mitigation & Recovery
Containment & Decontamination
Mobile HAZMAT Units

Disaster Preparedness & Recovery

Credentialing & Access Control
Data Access & Monitoring Systems
Emergency & Mobile Command Centers
Emergency Medicine/Public Health
Emergency Operations Center Software
Emergency Preparedness Consulting
Food & Water Supplies
Incident Command Systems
Information Tracking Software
Mass Notification Systems
Medical Equipment & First Aid Systems
Mobile & Back-Up Power Supply
Portable & Emergency Lighting
Portable Buildings/Mobile Facilities/Tents
Virtual Emergency Operations Centers

Intelligence Analysis & Homeland Security Software

Crime Analysis Software
Data Mining
Geographic Information System Software (GIS)
Intelligence Analysis & Fusion Software
Link Analysis Software
Situation Awareness Software

Intrusion Detection, Perimeter Security & Surveillance

Alarms & System Monitoring
Cameras & Video Equipment
CCTV Systems & Software
Digital Video Security
Image Analytic Software
Lighting Systems
Motion Detection Systems
Network Video Systems
Remote Monitoring
Surveillance Systems & Software
Thermal & Night Vision Devices
Vehicle Barriers
Visitor Security Systems
Wireless Video Security

Law Enforcement & Public Safety

Evidence Handling Systems
Firearms Storage & Securing Devices
Firearms, Ammunition & Accessories
Forensic Analysis Services, Software & Equipment
Knives & Weapons (Non-Firearm)
Law Enforcement Robotics
Less Lethal Weapons
Personnel Duty Lockers
Restraints & Immobilization Systems
Tactical & Firearm Training
Tactical Equipment & Accessories
Traffic Control & Enforcement
Uniforms, Outerwear & Accessories

Personal Protection Equipment

Body Armor
Body Cooling Systems
Eye & Hearing Protection
Full Body Coverage
Head & Face Protection
Protective Apparel & Footwear
Respiratory Protection

Specialty & Security Services

Bullet Proof & Blast Resistant Building Products
Cases, Shipping and Storage Containers, Ruggedized
Global Positioning Systems (GPS)
Guard Services & Security Personnel
Physical Security Information Management (PSIM)
Real-Time Movement Tracking Systems
Secure Structures/Safe Rooms/Guard Booths
Security Clearance & Prescreening
Security Window Systems

Threat Detection Systems

Baggage, Parcel & Cargo Inspection
Bio-Chem Agents Detection
Explosives Detection
Handheld Devices
Metal Detectors
Motion Detection Systems
Organic Material Detection
Radiological Detection Systems
Vehicle Inspection
Weapons Detection

Training & Education

Colleges & Universities
Computer-Based Training (CBT)
Counterterrorism Training
Government Certification Programs
IT Training & Education Services
Security & Safety Training
Vendor Certification Programs

Vehicles, Parts & Accessories

Emergency Response Vehicles
Emergency Vehicle Accessories
In-Vehicle Partitions, Screens & Shields
In-Vehicle Video Systems
Mobile Command Centers
Mobile Laboratories
Personal Mobility Vehicles
Protective Equipment
Rescue Vehicles
Tactical Response Vehicles
